The Above Picture Taken in 1909

Newell A. Wiley, alias "Bert Wiley," aged 27 years, weight 182 pounds, height 5 feet 10 inches, smooth shaven, eyes blue, complexion dark, hair black, occupation miner.

When last seen wore wide brim soft black hat, sheep skin vest with sleeves, top boots, laced, corduroy pants.

Wiley left Victor, Colorado, on the morning of April 16th, after assaulting Night Marshal Jack Burnham with gun. This man is heavily armed and dangerous. If found soon will have several fresh cuts and bruises on head. Since the above picture was taken, which shows thick head of hair, his hair has fallen out considerably and looks quite thin in front. The above is a good picture except that he looks older. The reward of $150.00 will be paid for his arrest and detention until officer can be sent for him. Arrest and wire

ARREST FOR MURDER.

No. 1.—Known as "MIKE;" 30 to 35 years old; weight, about 150 lbs.; 5 ft. 7½ inches tall; light hair; blue eyes; light complexion; large jaw bones; medium build.

When last seen was wearing olive drab army shirt; dark trousers; light gray coat, badly torn in back; old hat of some description. Fresh hair cut. Is an ex-soldier. Four or five stab wounds on left forearm, one quite long and deep on wrist.

No. 2.—JOE RYAN, known as "Blackie." About same height, weight and build as No. 1; very heavy black hair, sprinkled with gray; dark eyes and complexion; sharp features; fresh razor cut on upper lip; probably was dressed about like No. 1. Hair cut last Wednesday, round on neck and clipped on back, showing white on neck and back of head. Ex-soldier, and talks a good deal of army life; drinks and smokes; when talking, pulls lower lip down against teeth and corners quiver while talking.

Both men are pretty sure to be found in hobo camps.

Kindly make all possible efforts to arrest either or both of them, as the victim was seventy-one years old and killed by a stab in the jugular while apparently trying to prevent a robbery of his home. They both may be the same man, but feel sure there were too on the job, although in many particulars the descriptions tally with each other. One of them probably left handed, as murdered man was stabbed on right side of neck.

If arrested, wire at my expense, and I will send at once.

Constable, Santa Clara, Cal.

ARTHUR B. LANGFORD,
Sheriff, San Jose, Cal.

No. 1 is described in my card No. 470 of Feb. 26, 1916.

Gilbert A. Schumaker has until recently resided at Los Angeles, Cal., and is well known in that city. Three days later, Schumaker called at the bank and presented a check drawn on another Los Angeles bank, payable to Gilbert Shoemaker, for $225, and purporting to have been signed by a Los Angeles physician, together with which he presented a card purporting to bear a written request from the previously mentioned customer to the effect that the $225 check was good and requesting that payment be made on the same. Schumaker obtained payment and the item was later returned marked "forgery."

We understand that Schumaker is also wanted at Oakland, Cal., for negotiating a forgery there.

Banks are cautioned to beware of a Worthless Check Operator, who has used the above mentioned names and who has defrauded two member banks, operating in this manner:

R. M. Moulton, as described below, opened an account with a member bank at Alameda, depositing gold and several foreign drafts. Subsequent to opening his account at Alameda, Moulton opened an account with an Oakland member, using the name **"C. C. Connors."** The $40 at Berkeley was checked out in an item payable to **"Pitt"** and signed by **"R. I. Connors."**

The fact that so many checks were honored at Oakland gave our member there the impression that the foreign drafts, which the operator deposited, were also good, and "Pitt" succeeded in drawing against the foreign items, which came back marked "no account."

This criminal is likely to operate elsewhere in California. BE ON THE LOOKOUT FOR HIM. We reprint below fac-simile of this operator's handwriting and description of the operator.

WARNING

To the Member Addressed:

Banks are warned to be on the lookout for the following described criminals:

WANTED FOR BURGLARY AND FORGERY

No. 685. Forgeries—Thomas Griffin, alias Chas. Brown, alias T. E. Hanford, alias Arthur Ferguson, alias C. Goodrich, etc.

We are advised by our detective agents that the two men described in C. B. A. Bulletin No. 106 of November 5, 1915, are now at work in California. Their method is to enter the offices of doctors, dentists and lawyers, stealing check blanks, cancelled checks and stationery, from which they proceed to forge checks and letters of introduction, which are presented at banks. So far these two men have been very successful in cashing many forgeries at banks throughout the United States. The forged letter of introduction on a customer's printed or engraved stationery has been the means of their success. **Banks are requested to again take special notice of Bulletin No. 106,** so that if these criminals should endeavor to cash items at your bank their apprehension will be secured.

ARREST FOR FORGERY --- REWARD $25

No. 754. Forgery $200.00—W. E. Price (Major Price).

The California Bankers Association will pay a reward of $25 (Twenty-five Dollars) for the arrest and conviction of one W. E. PRICE for the crime of Forgery, by which he defrauded a Petaluma member of this Association. Reward to remain in force for one year from date and to be paid under C. B. A. Rules governing payment of such standing rewards.

W. E. Price was for thirteen years a resident of Petaluma, Cal., and a prominent member of the Fraternal Brotherhood, K. of P. and I. O. O. F. About June 10, 1916, Price made a canvass of merchants and citizens at Petaluma, by whom he was well known, and negotiated with them worthless checks, aggregating about $1600. None of these items were eventually honored by the banks on whom they were drawn, but warrants for arrest of Price were issued on complaint of victims.

A member of our Association at Petaluma has, however, reported that it was defrauded by Price, through discounting for him a note that bore a forged endorsement of one of the bank's customers.

We print below likeness of Price, which is a very good picture of the man; he may shave off his beard to elude arrest.

LIKENESS AND DESCRIPTION OF W. E. PRICE:

Age, 47 years; Weight, 150 pounds.
Height, 5 feet 8 or 9 inches; Build, medium.
Eyes, dark; Complexion, sallow.
Hair, black; Beard, long and black.
Nativity, Youngstown, Ohio.
Dress: Wore dark suit, 7½ size black fedora hat; neat appearance.
Marks and scars: Large scar on chin near mouth from wound; thumb on right hand bears scar from planing machine; lips protruding.
Peculiarities: Has habit of stroking his beard; hard of hearing; habit of chewing a toothpick; never speaks of his home or about himself or relatives.

If located, arrest and notify the undersigned or M. Flohr, Chief of Police, Petaluma, Cal., or J. K. Smith, Sheriff, Santa Rosa, Cal., who hold warrants for the arrest of W. E. PRICE.

Issued by order of the

PROTECTIVE COMMITTEE, CALIFORNIA BANKERS ASSOCIATION,

ARREST FOR FORGERY--- REWARD $25

No. 760. Forgery $30.00—Daniel F. Harris.

The California Bankers Association will pay a reward of $25.00 (Twenty-five Dollars) for the arrest and conviction of one DANIEL F. HARRIS for the crime of forgery, by which he defrauded a San Francisco member of this Association. Reward to remain in force for one year from date and to be paid under C. B. A. Rules governing payment of such standing rewards.

June 21, 1916, a man called at a savings bank in San Francisco and impersonated a depositor, whose pass-book he presented. He answered all interrogations satisfactorily, and succeeded in withdrawing $30.00. Subsequently the depositor, whose pass-book had been restored to his trunk, noticed the entry, called at the bank and disclaimed having made the withdrawal. Suspicion rested on Harris, who had lodgings in the same house with the depositor. Harris learned that he was suspected, and the following day was missing, together with some clothing and a suit case belonging to the depositor.

Harris is charged with burglary, and today a complaint was sworn to charging him with forgery.

It is thought that Harris went to Southern California. We give below a likeness and description as furnished by the Ione Reform School, where Harris was confined about a year ago.

LIKENESS AND DESCRIPTION OF DANIEL F. HARRIS:

Age, 20 years; looks older.
Height, 5 feet 11 inches.
Weight, 145 pounds.
Hair, black, curly.
Eyes, dark, large.
Complexion, dark, mulatto.
Build, slender.
Appearance, neat.

If located, arrest and notify the undersigned, or D. A. White, Chief of Police, San Francisco, Cal., who holds warrant for the arrest of DANIEL F. HARRIS, charged with FELONY; to wit, FORGERY.

ARREST FOR FORGERY--- REWARD $25

No. 761. Forged Endorsement $246.00—Louis Joseph Harris, alias H. Jennings, alias T. Norton, alias C. A. Wilson.

The California Bankers Association will pay a reward of $25.00 (Twenty-five Dollars) for the arrest and conviction of one LOUIS JOSEPH HARRIS, for the crime of forgery, by which he defrauded a Pittsburg member of this Association. Reward to remain in force for one year from date and to be paid under C. B. A. Rules governing payment of such standing rewards.

Louis J. Harris wrongfully possessed himself of a check drawn on a bank of Pittsburg, Cal., in favor of H. Jennings. Impersonating Jennings, Harris went to a bank in San Francisco, June 22, 1916, and presented the draft, which item was taken for collection. Very early in the forenoon, June 26, Harris again called at the San Francisco bank to receive payment, but left when informed that returns had not come but would most likely be received by next mail. Curiously enough, the unopened morning mail at that moment contained advice that the draft was honored. Had the mail been opened a little earlier, Harris would have received payment. Shortly after he left the bank, a telephone message was received from the Pittsburg bank, advising that the endorsement of draft was forged, and that the authorities at Pittsburg held a warrant for the arrest of Harris.

Harris left San Francisco in the company of a woman named May Wilson; the couple are alleged to have posed as man and wife in San Francisco, under the names Mr. and Mrs. C. A. Wilson. May Wilson is described as being about 30 years old, height about 5 feet 7 or 8 inches, weight about 130 pounds, dark complexion, gray-blue eyes, dark hair, slender build, upper front teeth all gold crowned, dressed neatly in dark tailored clothes.

We re-print below photograph and description of Louis J. Harris, which is a fair likeness of the criminal.

LIKENESS AND DESCRIPTION OF LOUIS JOSEPH HARRIS:

Age, 35 years.
Height, 5 feet 7 inches.
Weight, 150 pounds.
Eyes, gray.
Hair, dark brown.
Complexion, light.
Dress when last seen: Blue serge suit, light soft fedora hat with black band. Wears nose glasses. Signet ring left hand.
Peculiarities: Wears hat pulled down and shading his face. Associates with fast women.

If located, arrest and notify the undersigned, or W. J. McDermott, Constable, Pittsburg, Cal., who holds warrant for the arrest of LOUIS JOSEPH HARRIS, charged with FELONY; to wit, FORGERY.

Porter, what is known as the "flying squadron," a special force which has co-operated with state bodies to combat the evil. Nearly 500 illicit stills have been destroyed by the raiders within seven months. Hundreds of moonshiners have been sent to prison. Other hundreds await trial. Scores of men, among them sheriffs and deputies, have been killed. Many others have been wounded. There has been a war in miniature (about which little has been heard) under way, while the big war in Europe has been in its last phase.

To discover and destroy an illicit still in the mountains is simple compared with finding it in the city. In the mountains the smoke of the still can be seen far away and the smell of liquor carries far where the atmosphere is pure. In a city a still can send its smoke out through a tall chimney flue, and a city is a place of a thousand mingling odors.

Whisky making and beer making do not require complicated machinery. Some stills are crude and cheap. The government has raided places in which whisky, or what passed for whisky, was made in an old ice cream freezer. Usually the paraphernalia is little more than some copper kettles, the "worm" or pipes and the cooling vessels.

Moonshining is going to play a large part in the news of the country after July 1, next. It is going to be known where it never was established before. It is going to be widespread in every great city.

* * * * *

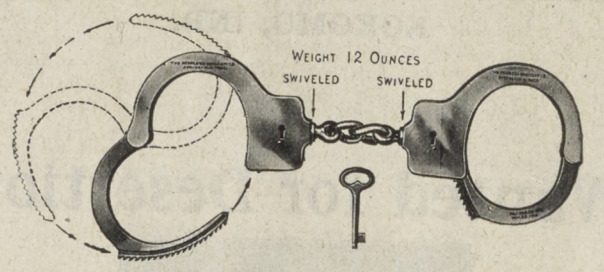

Drug addiction is a more insidious and grisly evil than liquor drinking. It is stated on authority of government officials that there are 1,000,000 known drug addicts in America and it is estimated that there are 500,000 persons who are secret addicts.

Nearly every criminal is a drug addict. There is a direct relationship between drug addiction and crime. The drug addict will commit any act in order to get money to buy drugs. Of all the "dope"—cocaine, morphine, opium, heroin, etc.—heroin is the worst and the vilest. Of the 500,000 secret addicts most have become victims through not having the physical or moral strength to stop the use of drugs to which they had become accustomed in a serious or painful illness.

It is betraying no confidence to say the government officials who have studied the questions of liquor and drugs fear nation-wide prohibition will spread the drug evil.

Kent, John Harris, 5.9¼, age 45, weight 132, hair M. chestnut, complexion dark; wears fine tailored clothes, English style, speaks with English accent, carries curved handle cane, sandy mustache. Usually lives in an apartment house with a woman about 23 years old. Was at 1645 E. 16th street, Denver, Colo., during the summer of 1918. Eats at best hotel grills. When with Thos. Beech he walks in the lead, looks downward. They work together but are not seen together much. Vagged at Indianapolis, Ind., on Oct. 15, 1918, released Oct. 16.

Bertillon Measurements: Height 75.5, O. Arm 82, Trunk 87.8, H. Length 19.2, H. Width 15.3, C. Bones 14, R. Ear 6.3, L. Foot 25.8, M. Fin 11.8, L. Fin 9, L. Arm 48.5. County sheriff at Denver, Colo., has warrant for arrest of Beech, Kinsman, and one W. E. Mead of whom I have no photo.

W. E. Mead, alias J. C. Walters, maintains offices in prominent office buildings and assists Beech and Kinsman in their swindles and stealing. No name or sign on the doors. One office is fitted up for fake horse racing, and the other as a brokerage office. Has wire strung on the wall to hang racing cards on. Each office has two or three rooms with a vault. Maintained offices in the Exchange Bldg., and the McPhee Bldg., Denver, Colo., during the summer of 1918. Height about 5.10, weight 145, age about 35, flat chest, rather broad shoulders, high curved nose, small grey eyes, dark complexion. Lives with a large woman.

I will pay $1,000 reward for the arrest and conviction of either one of the above, and in addition to that, I will give fifty per cent of any part of the $8,500.00 that may be recovered from the above parties by civil suit or otherwise. They are evidently connected with an organization with plenty of money. They had in their possession $41,500.00 in actual cash that I saw when I went in with them on a fake deal, by which I gave them an opportunity to steal my money.

Can't Get Locked in Pocket

Yet is SELF-LOCKING when placed on person's wrist. Weighs only 12 ounces. Won't tear or rip pocket.

Porter, what is known as the "flying squadron," a special force which has co-operated with state bodies to combat the evil. Nearly 500 illicit stills have been destroyed by the raiders within seven months. Hundreds of moonshiners have been sent to prison. Other hundreds await trial. Scores of men, among them sheriffs and deputies, have been killed. Many others have been wounded. There has been a war in miniature (about which little has been heard) under way, while the big war in Europe has been in its last phase.

To discover and destroy an illicit still in the mountains is simple compared with finding it in the city. In the mountains the smoke of the still can be seen far away and the smell of liquor carries far where the atmosphere is pure. In a city a still can send its smoke out through a tall chimney flue, and a city is a place of a thousand mingling odors.

Whisky making and beer making do not require complicated machinery. Some stills are crude and cheap. The government has raided places in which whisky, or what passed for whisky, was made in an old ice cream freezer. Usually the paraphernalia is little more than some copper kettles, the "worm" or pipes and the cooling vessels.

Moonshining is going to play a large part in the news of the country after July 1, next. It is going to be known where it never was established before. It is going to be widespread in every great city.

* * * * *

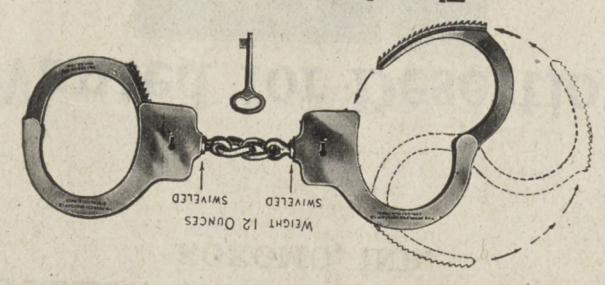

Drug addiction is a more insidious and grisly evil than liquor drinking. It is stated on authority of government officials that there are 1,000,000 known drug addicts in America and it is estimated that there are 500,000 persons who are secret addicts.

Nearly every criminal is a drug addict. There is a direct relationship between drug addiction and crime. The drug addict will commit any act in order to get money to buy drugs. Of all the "dope"—cocaine, morphine, opium, heroin, etc.—heroin is the worst and the vilest. Of the 500,000 secret addicts most have become victims through not having the physical or moral strength to stop the use of drugs to which they had become accustomed in a serious or painful illness.

It is betraying no confidence to say the government officials who have studied the questions of liquor and drugs fear nation-wide prohibition will spread the drug evil.

SOMETIMES.

If times are hard, and you feel blue,
Think of the others worrying, too;
Just because your trials are many,
Don't think the rest of us haven't any.
Life is made up of smiles and tears,
Joys and sorrows, mixed with fears;
And though to us it seems one-sided,
Trouble is pretty well divided.
If we could look in every heart,
We'd find that each one has its part,
And those who travel fortune's road
Sometimes carry the biggest load.—Ex.

WANTED FOR VIOLATION OF PROBATION AND BURGLARY:

We hold felony warrant for Frank S. Higashi, a Japanese. This is a very foxy jap, as will be shown by the following: He was arrested for burglary here on October 7th, 1918, and, while the officers were never able to get the goods on him, they were sure he robbed a room at the New Meyer Apts., where he was employed as Janitor. He was dismissed on this charge, but the next day three Japs came down from Los Angeles and what they did to Higashi, will probably never be known, but at any rate he confessed to them, produced the Jewelry and some other stuff that had been missed at several robberies around the city, and then proceeded to disappear. He bought a new overcoat before leaving here. Then went to Huntington Beach, where he left his clothes on the pier and we have never heard anything of him since. We do not believe this Jap bought a new overcoat to commit suicide in, but that he left his clothes on the pier as a blind. Other Japs here think the same, and they also think he is somewhere in the mines in Arizona or Nevada.

At any rate, wherever he is, this Jap is sure to get into trouble, sooner or later for he cannot resist the temptation to steal, no matter where he may be. The other Japs do not like him and will assist in bringing him to Justice. He has been in trouble xxx in California many times, but nearly always has been too foxy to get as far as San Quentin.

His description is as follows: Age 33; height 5.1 1/4; maroon eyes; black hair; weight 105 lbs; yellow complexion; 3 vaccination scars upper left arm; mole on back of neck; birth mark back of right shoulder; Finger Prints: 1 U 14

Counterfeit $20 Bill Is in Circulation

1-16-19

The federal authorities yesterday issued a description of a counterfeit $20 Federal Reserve note being circulated.

Check letter "D"; plate number 51; W. G. McAdoo, Secretary of the Treasury; John Burke, Treasurer of the United States; portrait of Cleveland.

This counterfeit is apparently printed from pohto-lithographic plates, on a single piece of paper, the fiber being imitated by pen marks. The portrait of Cleveland is too dark. The geometrical lathe work in border, both face and back is very poor, there being almost an entire absence of the fine lines shown in the genuine. The seal on note is fairly good.

The authorities declare this note should not deceive the ardinarily careful handler of money.

DEPARTMENT OF
PUBLIC HEALTH AND SAFETY,
F. F. MORSE, COMMISSIONER.

CITY OF OAKLAND,
CALIFORNIA.
March 4, 1919.

Oakland Daily Post,
Oakland, Cal.
Gentlemen:

In your publication of February 25, 1919, you made a statement concerning me in relation to the Police Department as follows:

> "Regarding reports that Captain Frank Lynch was being considered as Chief Nedderman's successor, Morse admitted that Lynch had many splendid qualifications for the job, but that the Police Captain's religious affiliations stood in the way."

Let me say to you that I have not made such statements to any person whatsoever and that the assertion is made without foundation. It is my belief that your paper has undertaken a campaign of vilification in order that you might gain your desire for a change in the Chief of Police. Your various representatives have repeatedly called at my office, urging that I make some change in the head of the Police Department. At home, in the mornings and at night, your reporters have called me on the telephone and have undertaken, by insinuating and leading questions, to secure unfavorable comments from me upon the present Chief of Police.

I desire further to say in addition to the unqualified denial by me of the assertion referred to in the paper, that I will not be driven or forced to take official action merely to satisfy the personal ambition or grudge of your paper, or any other. So long as I am a public official I shall maintain my office independently and without fear or favor. When you come to know me better you will probably conclude that the reprehensible tactics resorted to by you will be unavailing. Furthermore, I desire to say that in all of my contact with the public, both in a public and private capacity, I make no distinction between race, religion, politics or occupation; every man has an unqualified right to absolute freedom of opinion in all these matters.

It would indeed be most inexcusable for me, either in a public or private capacity, to give utterance to a sentiment so opposed to my nature or disposition.

So far as my friends are concerned I do not need to make denial of your vicious and false statement, but in order that the public may be fully advised I desire that you give as great publicity to this, my denial, as you did to the original report.

I trust that this communication will receive deserved attention.

CARD 407. OFFICE OF CHIEF OF POLICE,

Fresno, Calif., Mar. 24, 1919.

DISAPPEARED DISAPPEARED

J. W. WOLFINGTON, Carpenter by trade, description:- about 57 years of age; 5' 10"; 135 lbs; sli m build; smooth shaven; blue eyes; black hair; large burn scar on back of head just below crown; hair does not grow on this burned spot but he combs his hair over the same; when talking to a person he blinks his eyes constantly as though he might have some trouble with his eyesight.

On November 23, 1918, Mr. Wolfington secured a job as carpenter through the State Employment Bureau to work for the San Joaquin Land Co., San Joaquin, Calif. He left Fresno on November 23 with $10.00 in cash. On Monday, November 25th, he wrote a letter to his wife stating that his job was not what he expected; that he had to lay over in San Joaquin on Sunday as he could not get a train out, but would leave San Joaquin Monday morning as he had a job about twenty miles out of Lemoore on a Farm; that he would write as soon as he learned his address there. This letter was mailed at Hanford on the 25th of November at 2:30 P.M., and since that time his wife has never heard from him.

We find that Mr. Wolfington was in Fresno on November 25th, the same day the above mentioned letter was mailed, and drew $25.00 out of the Union National Bank, this being the entire amount of his account, but he did not go home when he was in Fresno.

This man has a family and it is not thought by any who know him that he has voluntarily stayed away from his home. He has had severe financial reverses, over which he worried considerably, and it is thought that he might be mentally unbalanced, or that he has met with some foul play.

When Mr. Wolfington left Fresno he had with him a carpenters' tool-chest which looked like a suit case, same being made of metal, painted black, and some of his tools may have been marked "J.W.".

He is a member of the I.O.O.F., Hulen, Okla., W.O.W., Porterville, Calif., and also of the Carpenters' Union, Fresno, and none of these Orders have heard from him since he left Fresno on November 23, 1918.

Please look over the records and see if any person has been killed who was unable to be identified and if you can get any line on this man. Any information you may be able to obtain, please communicate same at once to
